EMPLOYER COSTS FOR EMPLOYEE COMPENSATION – DECEMBER 2014

Private industry employers spent an average of \$31.32 per hour worked for total employee compensation in December 2014, the U.S. Bureau of Labor Statistics reported today. Wages and salaries averaged \$21.72 per hour worked and accounted for 69.4 percent of these costs, while benefits averaged \$9.60 and accounted for the remaining 30.6 percent. Total compensation costs for **state and local government** workers averaged \$43.95 per hour worked in December 2014. Total employer compensation costs for **civilian** workers, which include private industry and state and local government workers, averaged \$33.13 per hour worked in December 2014.

Employer Costs for Employee Compensation (ECEC), a product of the National Compensation Survey, measures employer costs for wages, salaries, and employee benefits for nonfarm private and state and local government workers.

Chart 1. Employer costs per hour worked for paid leave by full-time and part-time status and all workers, private industry, December 2014

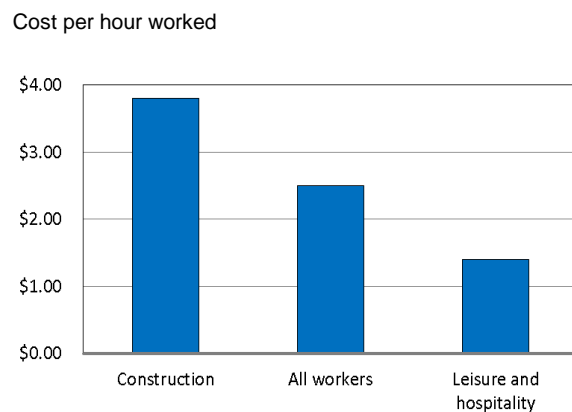

Chart 2. Employer costs per hour worked for legally required benefits by selected major industry group and all workers, private industry, December 2014

Paid leave costs in private industry

Private industry employer costs for paid leave benefits averaged \$2.16 per hour worked in December 2014. Private industry costs for paid leave include **vacation** leave which averaged \$1.13 per hour worked, **holiday** leave which averaged 66 cents, **sick** leave which averaged 26 cents, and **personal** leave which averaged 12 cents in December 2014. Paid leave benefit costs are often directly linked to wages; therefore, higher paid occupations or industries will typically show higher estimates for this compensation component.

Private industry **paid leave** benefit costs were highest for management, professional, and related occupations at \$4.67 per hour worked, or 8.4 percent of total compensation, in December 2014. Costs were lowest among service occupations at 56 cents, or 3.9 percent of total compensation. (See table 5.) Included in this amount were employer costs for vacations, holidays, sick leave, and personal leave.

The average cost per hour worked for **paid leave** by major industry group ranged from \$4.82 in information to 41 cents in leisure and hospitality. (See table 6.)

Paid leave costs varied widely by full-time and part-time status in private industry in December 2014. Paid leave costs for full-time workers were \$2.77 per hour worked versus 45 cents for part-time workers. (See chart 1 and table 12.)

For information on **paid leave** provisions, see *National Compensation Survey: Employee Benefits in the United States, March 2014*, at www.bls.gov/ncs/ebs/benefits/2014/benefits.htm.

Legally required benefit costs in private industry

The average cost for **legally required benefits** was \$2.50 per hour worked in private industry (8.0 percent of total compensation) in December 2014. Social Security comprises the largest legally required benefit cost component at \$1.44 per hour or 4.6 percent of total compensation. Legally required benefits such as Social Security and Medicare are often directly linked to wages; therefore, higher paid occupations or industries will typically show higher cost estimates for this compensation component. (See table 5.)

Costs for other **legally required benefits** include **workers' compensation** which averaged 44 cents per hour worked (1.4 percent of total compensation), **state unemployment insurance** which averaged 22 cents per hour worked (0.7 percent), and **federal unemployment insurance** which averaged just 4 cents per hour worked (0.1 percent). (See table 5.)

The average cost per hour worked for **legally required benefits** by major industry group ranged from \$3.80 for construction industry workers to \$1.40 per hour for leisure and hospitality. For construction industry workers, workers' compensation costs averaged \$1.32 per hour worked, significantly higher than all other major industry groups. The proportion of total compensation represented by legally required benefits ranged from 10.6 percent for leisure and hospitality workers to 6.4 percent for both information and financial activities workers. (See chart 2 and table 6.)

Other benefit categories in private industry

Private industry employer costs averaged \$2.54 per hour worked for **insurance** benefits (life, health, and disability insurance), or 8.1 percent of total compensation. In addition to insurance, the other benefit categories were: **supplemental pay** (overtime and premium, shift differentials, and nonproduction bonuses), which averaged \$1.10 per hour worked (3.5 percent); and **retirement and savings**, which averaged \$1.30 per hour (4.2 percent). (See table A and table 5.)

Table A. Relative importance of employer costs for employee compensation, December 2014

Compensation component	Civilian workers	Private industry	State and local government
Wages and salaries	68.4%	69.4%	64.1%
Benefits	31.6	30.6	35.9
Paid leave	7.0	6.9	7.3
Supplemental pay	3.0	3.5	0.8
Insurance	8.8	8.1	11.9
Health benefits	8.4	7.6	11.6
Retirement and savings	5.3	4.2	10.1
Defined benefit	3.3	2.0	9.2
Defined contribution	1.9	2.2	0.9
Legally required	7.6	8.0	5.9

The Employer Costs for Employee Compensation for March 2015 is scheduled to be released on Wednesday, June 10, 2015, at 10:00 a.m. (EDT).

Employer Costs for Employee Compensation data on total compensation, wages and salaries, and benefits in private industry are produced annually for 15 metropolitan areas. Metropolitan area data will be included in the March 2015 news release on June 10, 2015. For further information about metropolitan area ECEC estimates see the September 2009 article: “BLS Introduces New Employer Costs for Employee Compensation Data for Private Industry Workers in 15 Metropolitan Areas,” at www.bls.gov/opub/mlr/cwc/bls-introduces-new-employer-costs-for-employee-compensation-data-for-private-industry-workers-in-15-metropolitan-areas.pdf.

Supplemental tables with occupational, establishment size, and bargaining status series for detailed industries are available at www.bls.gov/ncs/ect/sp/ecsuhst.pdf and www.bls.gov/ncs/ect/sp/ecsuptc33.pdf.

Relative standard errors for all cost estimates in the most recent news release and supplementary tables are available at www.bls.gov/ncs/ect/sp/ecsuprse.pdf.

Historical ECEC data are available in three listings, all available at www.bls.gov/ect/#tables. The first historical listing covers data for the March reference periods from 1986 to 2001. These data use the Standard Industrial Classification (SIC) and Census of Population occupational classification systems. The second listing contains data for the March, June, September, and December reference periods from March 2002 to December 2003. These data are also based on the SIC and Census of Population occupational classification systems. The final listing includes data for March 2004 to the current reference period. These are based on the North American Industry Classification System (NAICS) and Standard Occupational Classification (SOC) systems.

Information in this release will be made available to sensory impaired individuals upon request—Telephone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECEC, are available through an e-mail subscription service at: www.bls.gov/bls/list.htm.

TECHNICAL NOTE

Employer Costs for Employee Compensation (ECEC) measures the average cost to employers for wages and salaries and benefits per employee hour worked.

ECEC includes the civilian economy, which includes data from both private industry and state and local government. Excluded from private industry are the self-employed and farm and private household workers. Federal government workers are excluded from the public sector. The private industry series and the state and local government series provide data for the two sectors separately.

Sample size

Data for the December 2014 reference period were collected from a probability sample of approximately 37,700 occupational observations selected from a sample of about 8,700 private industry establishments and approximately 9,000 occupational observations selected from a sample of about 1,500 state and local government establishments that provided data at the initial interview.

Comparing private and public sector data

Compensation cost levels in state and local government should not be directly compared with levels in private industry. Differences between these sectors stem from factors such as variation in work activities and occupational structures. Manufacturing and sales, for example, make up a large part of private industry work activities but are rare in state and local government. Professional and administrative support occupations (including teachers) account for two-thirds of the state and local government workforce, compared with one-half of private industry.

ECEC quarterly publication focus

ECEC news releases are published quarterly, providing estimates on civilian, private industry, and state and local government cost per hour worked as well as additional detail on a specific compensation cost topic of interest. This quarter focuses on paid leave and legally required benefits costs in private industry. Topics of news releases for the upcoming reference periods are as follows:

- March 2015—Health benefit costs in private industry
- June 2015—Retirement and savings benefit costs in private industry
- September 2015—Compensation costs in state and local government

ECEC detailed information and measures

For detailed information on the Employer Costs for Employee Compensation, see Chapter 8, “National Compensation Measures,” in the *BLS Handbook of Methods* at: www.bls.gov/opub/hom/pdf/homch8.pdf.

¹ Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

² Includes mining, construction, and manufacturing. The agriculture, forestry, farming, and hunting sector is excluded.

³ Includes utilities; wholesale trade; retail trade; transportation and warehousing; information; finance and insurance; real estate and rental and leasing; professional and technical services; management of companies and enterprises; administrative and waste services; educational services; health care and social assistance; arts, entertainment and recreation; accommodation and food services; other services, except public administration; and

public administration.

⁴ Includes premium pay for work in addition to the regular work schedule (such as overtime, weekends, and holidays).

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

⁷ Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

Note: The sum of individual items may not equal totals due to rounding.

Table 2. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by occupational and industry group, December 2014

¹ Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

² Includes postsecondary teachers; primary, secondary, and special education teachers; and other teachers and instructors.

³ Farming, fishing, and forestry occupations were combined with

construction and extraction occupational group as of December 2006.

Note: The sum of individual items may not equal totals due to rounding.

Table 3. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by major occupational and industry group, December 2014

¹ This table presents data for the three major occupational groups in State and local government: management, professional, and related occupations, including teachers; sales and office occupations, including clerical workers; and service occupations, including police and firefighters.

² Service-providing industries, which include health and educational services, employ a large part of the State and local government workforce.

³ Includes premium pay for work in addition to the regular work schedule

(such as overtime, weekends, and holidays).

⁴ Comprises the Old-Age, Survivors, and Disability Insurance (OASDI) program.

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

Note: The sum of individual items may not equal totals due to rounding.

Table 4. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by occupational and industry group, December 2014

Series	Total compensation	Wages and salaries	Benefit costs					
			Total	Paid leave	Supplemental pay	Insurance	Retirement and savings	Legally required benefits
