Selected Indicators

This fact sheet presents recent **employment and unemployment, price, and earnings data** for Virginia, the Lynchburg Metropolitan Statistical Area (MSA), and the United States. The **Consumer Price Index (CPI)** measures price changes, or inflation, for particular commodities and services at the retail level. The **Producer Price Index (PPI)** measures price changes, or inflation, for particular commodities and services at the wholesale level and is widely used by business firms as an escalator in long-term contracts. The **Employment Cost Index (ECI)** measures price changes, or inflation, of labor costs which includes wages and salaries and employer costs for employee benefits. The earnings data are from the **Occupational Employment Statistics (OES)**.
