¹ Based on the 2000 Standard Occupational Classification.

² Includes 2 fatalities that occurred within the territorial boundaries of the United States, but a State of incident could not be determined.

NOTE: Totals for 2004 are revised and final. Totals for major categories may include subcategories not shown separately. Percentages may not add to totals because of rounding. Dashes indicate no data reported or data that do not meet publication criteria. There were 7 fatalities for which there was insufficient information to determine a specific occupation classification.
