TABLE L54. Number of nonfatal occupational injuries and illnesses involving days away from work¹ by part of body affected by the injury or illness and industry sector, local government, 2009 — Continued

Part of body	Part of body code ²	Local government ^{3,4,5}	Goods producing		Service providing			
			Total goods producing	Construction	Total service providing	Trade, transportation and utilities ⁵	Education and health services	Public administration
Body systems	5	4,140	–	–	4,110	590	890	2,500
Multiple body parts	8	32,610	1,030	1,030	31,580	2,070	12,150	16,610
Nonclassifiable	9999	2,290	70	70	2,220	50	320	670

¹ Days-away-from-work cases include those that resulted in days away from work, some of which also included job transfer or restriction.

² Based on the Occupational Injury and Illness Classification System developed by the Bureau of Labor Statistics.

³ Excludes farms with fewer than 11 employees.

⁴ Data for Mining (Sector 21 in the *North American Industry Classification System-- United States, 2007*) include establishments not governed by the Mine Safety and Health Administration rules and reporting, such as those in Oil and Gas Extraction and related support activities. Data for mining operators in coal, metal, and nonmetal mining are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded from the coal, metal, and nonmetal mining

industries. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore, estimates for these industries are not comparable to estimates in other industries.

⁵ Data for employers in rail transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation.

NOTE: Dash indicates data do not meet publication guidelines. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.
