EMPLOYER COSTS FOR EMPLOYEE COMPENSATION – SEPTEMBER 2015

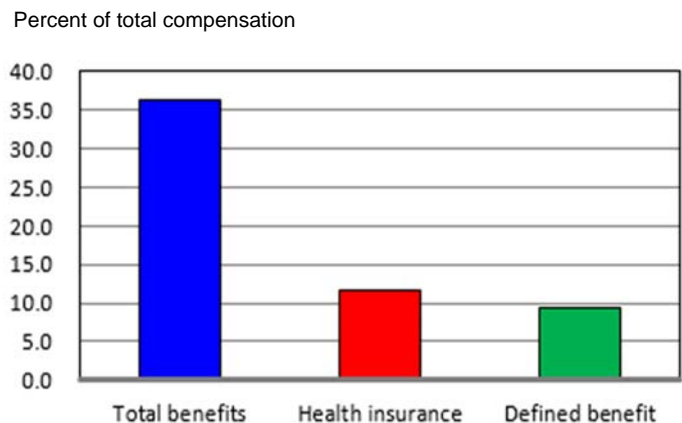

Employer costs for employee **compensation** for civilian workers averaged \$33.37 per hour worked in September 2015, the U.S. Bureau of Labor Statistics reported today. **Wages and salaries** averaged \$22.88 per hour worked and accounted for 68.6 percent of these costs, while **benefits** averaged \$10.48 and accounted for the remaining 31.4 percent. Total employer compensation costs for **private industry** workers averaged \$31.53 per hour worked in September 2015.

Employer Costs for Employee Compensation (ECEC), a product of the National Compensation Survey, measures employer costs for wages and salaries, and employee benefits for nonfarm private and state and local government workers.

Chart 1. Employer costs per hour worked for total compensation: selected major occupational groups, state and local government workers, September 2015

Chart 2. Employer costs as a percent of total compensation: total benefits, health insurance, and defined benefit, state and local government workers, September 2015

Compensation costs in state and local government

State and local government employers spent an average of \$44.66 per hour worked for employee compensation in September 2015. Wages and salaries averaged \$28.45 per hour and accounted for 63.7 percent of compensation costs, while benefits averaged \$16.21 per hour worked and accounted for the remaining 36.3 percent. Total compensation costs for management, professional, and related workers averaged \$54.02 per hour worked. This major occupational group includes teachers, averaging \$60.92 per hour worked. Total compensation for sales and office workers averaged \$30.83 per hour worked and service workers averaged \$34.02. (See chart 1 and table 4.)

For state and local government employees, employer costs for **insurance** benefits averaged \$5.34 per hour, or 12.0 percent of total compensation. The largest component of insurance costs in September 2015 was health insurance, which averaged \$5.20, or 11.6 percent of total compensation. (See chart 2 and table 3.)

In September 2015, the average cost for **retirement and savings** benefits was \$4.63 per hour worked in state and local government, or 10.4 percent of total compensation. Included in this amount were employer costs for defined benefit plans, which averaged \$4.26 per hour (9.5 percent of total compensation), and defined contribution plans, which averaged 37 cents (0.8 percent). (See chart 2 and table 3.) Defined benefit plans specify a formula for determining future benefits, while defined contribution plans specify employer contributions but do not guarantee the amount of future benefits.

Two components of benefit costs are paid leave and legally required benefits. **Paid leave** benefit costs include vacation, holiday, sick leave, and personal leave. The average cost for paid leave was \$3.24 per hour worked for state and local government employees. Costs for **legally required benefits**, including Social Security, Medicare, unemployment insurance (both state and federal), and workers' compensation, averaged \$2.63 per hour worked. (See table 3.)

The National Compensation Survey also produces data on the percentage of state and local government workers with access to and participation in employee benefit plans, including health and retirement and savings plans. Detailed data on health and retirement plan provisions are available at www.bls.gov/ebs.

Benefit costs in private industry

Private industry employer costs for **paid leave** averaged \$2.17 per hour worked or 6.9 percent of total compensation, **supplemental pay** averaged \$1.04 or 3.3 percent, **insurance** benefits averaged \$2.59 or 8.2 percent, **retirement and savings** averaged \$1.25 or 4.0 percent, and **legally required benefits** averaged \$2.51 per hour worked or 7.9 percent. (See table A and table 5.)

Table A. Relative importance of employer costs for employee compensation, September 2015

Compensation component	Civilian workers	Private industry	State and local government
Wages and salaries	68.6%	69.7%	63.7%
Benefits	31.4	30.3	36.3
Paid leave	7.0	6.9	7.3
Supplemental pay	2.8	3.3	0.8
Insurance	8.9	8.2	12.0
Health benefits	8.5	7.7	11.6
Retirement and savings	5.2	4.0	10.4
Defined benefit	3.2	1.7	9.5
Defined contribution	2.0	2.2	0.8
Legally required	7.6	7.9	5.9

The Employer Costs for Employee Compensation for December 2015 is scheduled to be released on Thursday, March 10, 2016, at 10:00 a.m. (EST).

Employer Costs for Employee Compensation data on total compensation, wages and salaries, and benefits in private industry are produced annually in the March reference period for 15 metropolitan areas. Selected metropolitan area data were included in the March 2015 news release published in June 2015. For further information about metropolitan area ECEC estimates see: “BLS Introduces New Employer Costs for Employee Compensation Data for Private Industry Workers in 15 Metropolitan Areas,” at www.bls.gov/opub/mlr/cwc/bls-introduces-new-employer-costs-for-employee-compensation-data-for-private-industry-workers-in-15-metropolitan-areas.pdf.

Supplemental tables with occupational, establishment size, and bargaining status series by industry group are available at www.bls.gov/ncs/ect/sp/ecsuhst.pdf and www.bls.gov/ncs/ect/sp/ecsuptc36.pdf.

Relative standard errors for all cost estimates in the most recent news release and supplementary tables are available at www.bls.gov/ncs/ect/sp/ececrse.pdf and www.bls.gov/ncs/ect/sp/ecsprse.pdf.

Historical ECEC data are available in three listings, all available at www.bls.gov/ect/#tables. The first historical listing covers data for the March reference periods from 1986 to 2001. These data use the Standard Industrial Classification (SIC) and Census of Population occupational classification systems. A second listing contains data for the March, June, September, and December reference periods from March 2002 to December 2003. These data are also based on the SIC and Census of Population occupational classification systems. The most recent listing includes data for March 2004 to the current reference period. These are based on the North American Industry Classification System (NAICS) and Standard Occupational Classification (SOC) systems.

Information in this release will be made available to sensory impaired individuals upon request—Telephone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

BLS news releases, including the ECEC, are available through an e-mail subscription service at: www.bls.gov/bls/list.htm.

TECHNICAL NOTE

Employer Costs for Employee Compensation (ECEC) measures the average cost to employers for wages and salaries and benefits per employee hour worked. ECEC includes the civilian economy, which includes data from both private industry and state and local government. Excluded from private industry are the self-employed and farm and private household workers. Federal government workers are excluded from the public sector. The private industry series and the state and local government series provide data for the two sectors separately.

Sample size

The ECEC cost levels for this quarter were collected from a probability sample of approximately 36,900 occupations selected from a sample of about 8,600 establishments in private industry and approximately 8,900 occupations from a sample of about 1,500 establishments in state and local government.

Comparing ECEC and Employment Cost Index (ECI) data

Current employment weights are used to calculate ECEC cost levels. The weights are derived from the Quarterly Census of Employment and Wages (QCEW) and the Current Employment Statistics (CES). The ECI, which measures the change in employer costs for employee compensation, is calculated with fixed 2012 employment counts to prevent employment shifts among occupations and industries from influencing the changes. Therefore, changes over time in the ECEC will likely differ from those in the ECI. For additional information, see www.bls.gov/opub/mlr/cwc/explaining-the-differential-growth-rates-of-the-eci-and-ecec.pdf.

Comparing private and public sector data

Compensation cost levels in state and local government should not be directly compared with levels in private industry. Differences between these sectors stem from factors such as variation in work activities and occupational structures. Manufacturing and sales, for example, make up a large part of private industry work activities but are rare in state and local government. Professional and administrative support occupations (including teachers) account for two-thirds of the state and local government workforce, compared with one-half of private industry.

ECEC quarterly publication focus

ECEC news releases are published quarterly, providing civilian, private industry, and state and local government cost per hour estimates as well as additional detail on a specific compensation cost topic of interest. This quarter focuses on compensation costs in state and local government. Topics of news releases for the upcoming reference periods are as follows:

- December 2015—Supplemental pay benefit costs in private industry
- March 2016—Health benefit costs in private industry

ECEC detailed information and measures

For detailed information on the Employer Costs for Employee Compensation, see Chapter 8, National Compensation Measures of the *BLS Handbook of Methods* at www.bls.gov/opub/hom/pdf/homch8.pdf.

Table 1. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by major occupational and industry group, September 2015

¹ Includes workers in the private nonfarm economy excluding households and the public sector excluding the Federal government.

² Includes mining, construction, and manufacturing. The agriculture, forestry, farming, and hunting sector is excluded.

³ Includes utilities; wholesale trade; retail trade; transportation and warehousing; information; finance and insurance; real estate and rental and leasing; professional and technical services; management of companies and enterprises; administrative and waste services; educational services; health care and social assistance; arts, entertainment and recreation; accommodation and food services; other services, except public administration; and public administration.

⁴ Includes premium pay (such as overtime, weekends, and holidays) for work in addition to the regular work schedule.

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

⁷ Social Security refers to the Old-Age, Survivors, and Disability Insurance (OASDI) program.

Note: The sum of individual items may not equal totals due to rounding.

Table 2. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: Civilian workers, by occupational and industry group, September 2015

Series	Total compensation	Wages and salaries	Benefit costs					
			Total	Paid leave	Supplemental pay	Insurance	Retirement and savings	Legally required benefits

¹ This table presents data for the three major occupational groups in State and local government: management, professional, and related occupations, including teachers; sales and office occupations, including clerical workers; and service occupations, including police and firefighters.

² Service-providing industries, which include health and educational services, employ a large part of the State and local government workforce.

³ Includes premium pay (such as overtime, weekends, and holidays) for work in addition to the regular work schedule.

⁴ Social Security refers to the Old-Age, Survivors, and Disability Insurance (OASDI) program.

⁵ Cost per hour worked is \$0.01 or less.

⁶ Less than .05 percent.

Note: The sum of individual items may not equal totals due to rounding.

Table 4. Employer costs per hour worked for employee compensation and costs as a percent of total compensation: State and local government workers, by occupational and industry group, September 2015

Series	Total compensation	Wages and salaries	Benefit costs					
			Total	Paid leave	Supplemental pay	Insurance	Retirement and savings	Legally required benefits
Cost per hour worked
