¹ For operational reasons, these interstate areas are listed under the state that accounts for the larger share of the population, which is different from the state that contains the first principal city.

² Area boundary does not reflect the official OMB delineation.

p Preliminary

NOTE: State and area data are currently estimated from 2014 benchmark levels. When more recent benchmark data are introduced with the release of January 2016 estimates, unadjusted data from April 2014 are subject to revision. Area delineations are based on Office of Management and Budget Bulletin No. 13-01, dated February 28, 2013, and available at www.bls.gov/lau/lausmsa.htm. Areas in the six New England states are Metropolitan New England City and Town Areas (NECTAs), while areas in other states are county-based. Some metropolitan areas lie in two or more states. They are listed under the state containing the first principal city, unless otherwise footnoted.
